## face

**Rejuvenating Collagen Facial** [ ageing skin, dehydrated skin ] 80 mins \$130.00  
This is the perfect treatment for any special occasion or for those who want to specifically target the ageing process. This treatment will stimulate your skin's regeneration process. Smoothing and plumping out fine lines, hydrating and softening your skin. You will feel totally relaxed after your extended massage. The best way to revive your skin and address premature ageing.

**Indio Facial** [ all skin types ] 80 mins \$120.00  
Indio is a 100% Australian owned brand that combines high strength active ingredients with a luxury feel. Indio prides itself on being at the forefront of anti-ageing breakthroughs. The products harness the power of both science and nature and are formulated with a combination of active ingredients and plant extracts. We recommend this facial as an alternative to our Collagen or Oxygen facial. The results are truly amazing!

**Oxygen Therapy Facial** [ all skin types ] 60 mins \$120.00  
O2 Salon System addresses the major underlying cause of wrinkles and skin degradation caused by ageing. The application of serum and oxygen promotes the acceleration of cell growth and its passage through the layers to give a finer, younger looking outer layer. This treatment is highly recommended for brides the day before their wedding or those with an extra special occasion or for those wishing to slow the ageing process.

**Nourishing Paraffin Facial** [ dry skin types ] 80 mins \$90.00  
Our Rouge Classic Facial with the addition of the warm paraffin mask applied over the specially selected massage oils is the perfect treatment for dry, flaky skin. Great during the Winter months.

A relaxing massage of your face, neck and décolletage with our special blend of Clarins aromatic oils, chosen to suit your skin type will be followed by a prescribed mask. You will be left with rehydrated skin that is smooth and soft.

Your therapist will further personalise your treatment with one of our special serums, ampoules or eye treatments to further maximise your result.

**Microdermabrasion**

This is a non-surgical skin resurfacing. By removing dead skin cells and cleaning the pores, you will experience improved skin tone, refined pores and soft texture. Increasing blood supply to the dermis softens fine lines and improves skin elasticity. Your skin will look smoother and feel softer and brighter. For maximum results ask about a course of micro. This treatment is suitable for most skin types.
